## STUDENT ANALYTICS

## Dashboards in SIRIS

The table below provides description of each dashboard that is available in SIRIS Student Analytics and the examples of business questions that can be answered using data from the corresponding dashboards. Note that there are distinctive tabs within each dashboards.

| Dashboard | Description | Examples of Business Questions Answerable by these Dashboards |
|---|---|---|
| Academic Offerings | An integrated view of the programs/plans for a given organization; can also look at only degree program/plans or non-degree. | What are the programs/plans offered by the School of Engineering? |
| Academic Structure Components | Reference reports on the individual components of the academic structure: programs, plans, subplans, etc. | What are all the academic plans available at Stanford? What are the types of degrees? |
| Class Enrollment Summary | Class enrollment by name and by study plans. Does not include classes with 0 enrollment. | **Who** is in a given class or set of classes? |
| Counting Classes and Enrollment Summaries | All class offerings (even with 0 enrollment), with aggregated headcount, units. No individual student info. | **What classes** are being offered or have been offered? What are the overall **enrollment trends**? |
| Crosslisted Classes | Cross-listed classes tied together, can either report under separate listings or roll-up to a "parent" course for total enrollment. | Which classes are **cross-listed** and what are the cross-listings? What are the enrollments. either combined or by each listing? |
| Degrees Conferred | Information on degrees completions (i.e. degree plan completions) since 1984, by undergrad/grad, biodemo, schools, etc. | How many master's programs were completed in 2012? Are the number of PhD's going up or down? Are more men or women getting JDs? |
| Plan and Term Enrollment | Current info on who is enrolled in what plans; also info on who is term-enrolled during a given quarter. | Who is in my program/plan now? What is current contact info for majors in my department? |
| Census Autumn Enrollment | Official census snapshots of Stanford's student population taken annually in late October; official source for historical trend data. | How is Stanford's student population changing over time? Which areas are gaining/losing students? |
